Dear Sir / Madam,

I would like to take this opportunity to introduce myself, having recently taken over as Station Manager with responsibility for Stone, Gnosall and Eccleshall Fire Stations. Staffordshire Fire & Rescue Service is continuing its work to deliver the best service possible to the residents of Stone and surrounding areas, and I would welcome any thoughts or comments that you may have in relation to this.

In addition to our operational role of responding to emergency incidents, much of what we now do is focussed on the protection and prevention of such occurrences and wider improvements in health and wellbeing. Sadly, Covid-19 has limited the Service's work around many of the familiar challenges experienced by rural communities, such as isolation and an aging population also increase the risks from fire.

If you are aware of someone who you believe would benefit from a free Home Fire Risk Check, please call us on 0800 0241 999.

Finally, if you would like to discuss issues relating to the Fire & Rescue Service or if you feel I may be able to assist in any way please do not hesitate to contact me using the details above.

Yours faithfully,

Liam Hickey
Station Manager
